WELCOME MESSAGE

Welcome to the Asia Primary Angioplasty Congress 2025 – Sanur, Bali

The Asia Primary Angioplasty Congress (APAC) 2025, held alongside the Indonesian Acute Coronary Syndrome Summit, is convening in Sanur, Bali on 25–26 July 2025. This premier cardiovascular event brings together leading cardiologists, interventionalists, researchers, and healthcare professionals from across Asia and around the globe.

APAC has always been a beacon of collaboration, innovation, and excellence. In 2025, we will continue this tradition, expanding our commitment to fostering groundbreaking research, enhancing clinical practices, and saving lives through timely and effective intervention.

We invite you to explore, register, and participate. Together, let us advance the boundaries of cardiovascular medicine, empower global collaboration, and create a lasting impact in patient care.

COURSE DIRECTOR

**Doni Firman, MD**

Chairman

National Cardiac Center Harapan Kita
Indonesia

**Dafsah Arifa Juzar, MD**

Scientific Chairman

National Cardiac Center Harapan Kita
Indonesia

**Ho Hee Hwa, MD**

Course Director

Tan Tock Seng Hospital
Singapore

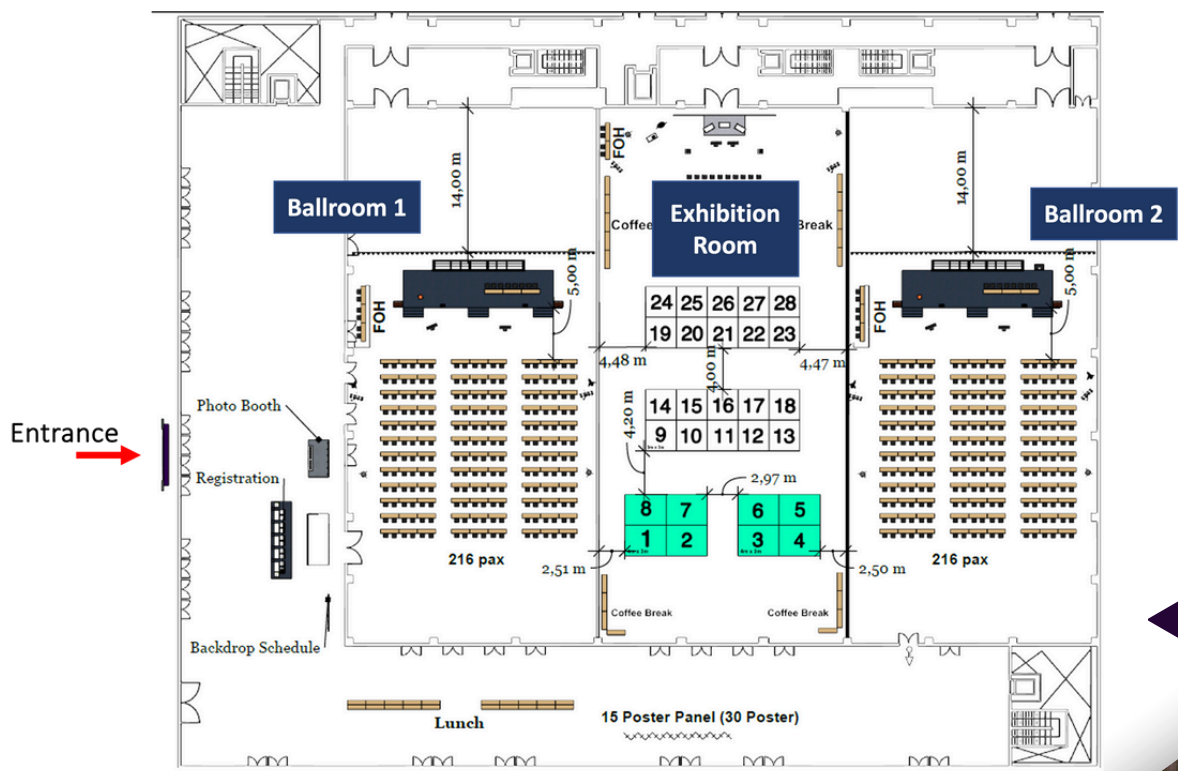

**Paul Ong, MD**

Course Director

Mount Elizabeth Hospital
Singapore

The Meru Hotel

SCIENTIFIC PROGRAM

APAC 2025 is committed to fostering cutting-edge research and elevating standards in the diagnosis and management of acute coronary syndromes. Over two days of intensive sessions, participants will gain insights into:

01

Integrated STEMI and NSTEMI are

Including pre-hospital strategies, antiplatelet and antithrombotic regimens, invasive timing, imaging-guided PCI, thrombus modification techniques, lipid optimization, and biomarker-driven revascularization.

02

Clinical Innovation

With sessions on cardiogenic shock, out-of-hospital cardiac arrest (OHCA), mechanical circulatory support, complex PCI scenarios, and management of delayed STEMI presentations.

03

High Impacted Cased Based Discussion

Moderated poster and oral presentations, and a prestigious Case Report Competition, encouraging the sharing of real-world evidence and frontline expertise

04

SCIENTIFIC PROGRAM

Friday, 25th July'25

| Time | Ballroom 1 | Ballroom 2 |
|---------------|---|---|
| 08.00 - 09.00 | STEMI Track | NSTEMI Track |
| | Sesi 1 Pre & Hospital of STEMI Care | Sesi 2 Antiplatelets for Pretreatment |
| 09.00 - 10.00 | Sesi 3 Antithrombotic Strategy in Primary PCI | Sesi 4 Invasive Strategy |
| 10.00 - 11.00 | | Opening Ceremony |
| 11.00 - 12.00 | Sesi 5 Choice of balloon or stent treatment in PPCI | Sesi 6 A to Z: Comprehensive Strategies for Optimizing Acute Coronary Syndrome Outcomes |
| 12.00 - 13.00 | Lunch, Friday Prayer, and Exhibition | |
| 13.00 - 14.00 | Sesi 7 Role of imaging & physiology | Sesi 8 Best Case Presentation |
| 14.00 - 15.00 | Sesi 9 Coronary Intervention in patients with out of hospital cardiac arrest (OHCA) | Sesi 10 Role of Lipid Management in ACS |
| 15.00 - 16.00 | Sesi 11 Emerging therapies for interventional thrombus modification in STEMI | Sesi 12 The Link Between Cardiac Biomarkers and Invasive Revascularization in ACS |

SCIENTIFIC PROGRAM

Saturday, 26th July'25

| Time | Ballroom 1 | Ballroom 2 |
|---------------|---|---|
| 08.00 - 09.00 | STEMI Track | NSTEMI Track |
| 09.00 - 10.00 | Sesi 13 PPCI Surprises: Managing Unusual Cases in Acute Coronary Intervention | Sesi 14 Acute Myocardial infarction complicating Cardiogenic shocks |
| 10.00 - 11.00 | Coffee Break | |
| 11.00 - 12.00 | Sesi 15 Bioadaptive angioplasty in ACS and Beyond | Sesi 16 Role of Mechanical Circulatory Support Devices |
| 12.00 - 13.00 | Sesi 17 Late presenters STEMI | Sesi 18 Personalised Management of NSTE - ACS |
| 13.00 - 15.00 | | Closing Ceremony and Networking Session |

SCIENTIFIC PROGRAM

Friday, 25th JULY'25

| Time | Exhibition | Agoong Room 5 | Agoong Room 6 |
|---------------|--------------------------------------|-------------------|--------------------|
| 08.00 - 09.00 | Moderated Poster | Case Parade 1 | Oral Presentantion |
| 09.00 - 10.00 | | Case Parade 2 | |
| 10.00 - 11.00 | | | |
| 11.00 - 12.00 | Moderated Poster | Case Parade 3 | Oral Presentation |
| 12.00 - 13.00 | Lunch, Friday Prayer, and Exhibition | | |
| 13.00 - 14.00 | Moderated Poster | Oral Presentation | Oral Presentation |
| 14.00 - 15.00 | | | |
| 15.00 - 16.00 | | | |
| 16.00 - 17.00 | | | |

SCIENTIFIC PROGRAM

Saturday, 26th JULY'25

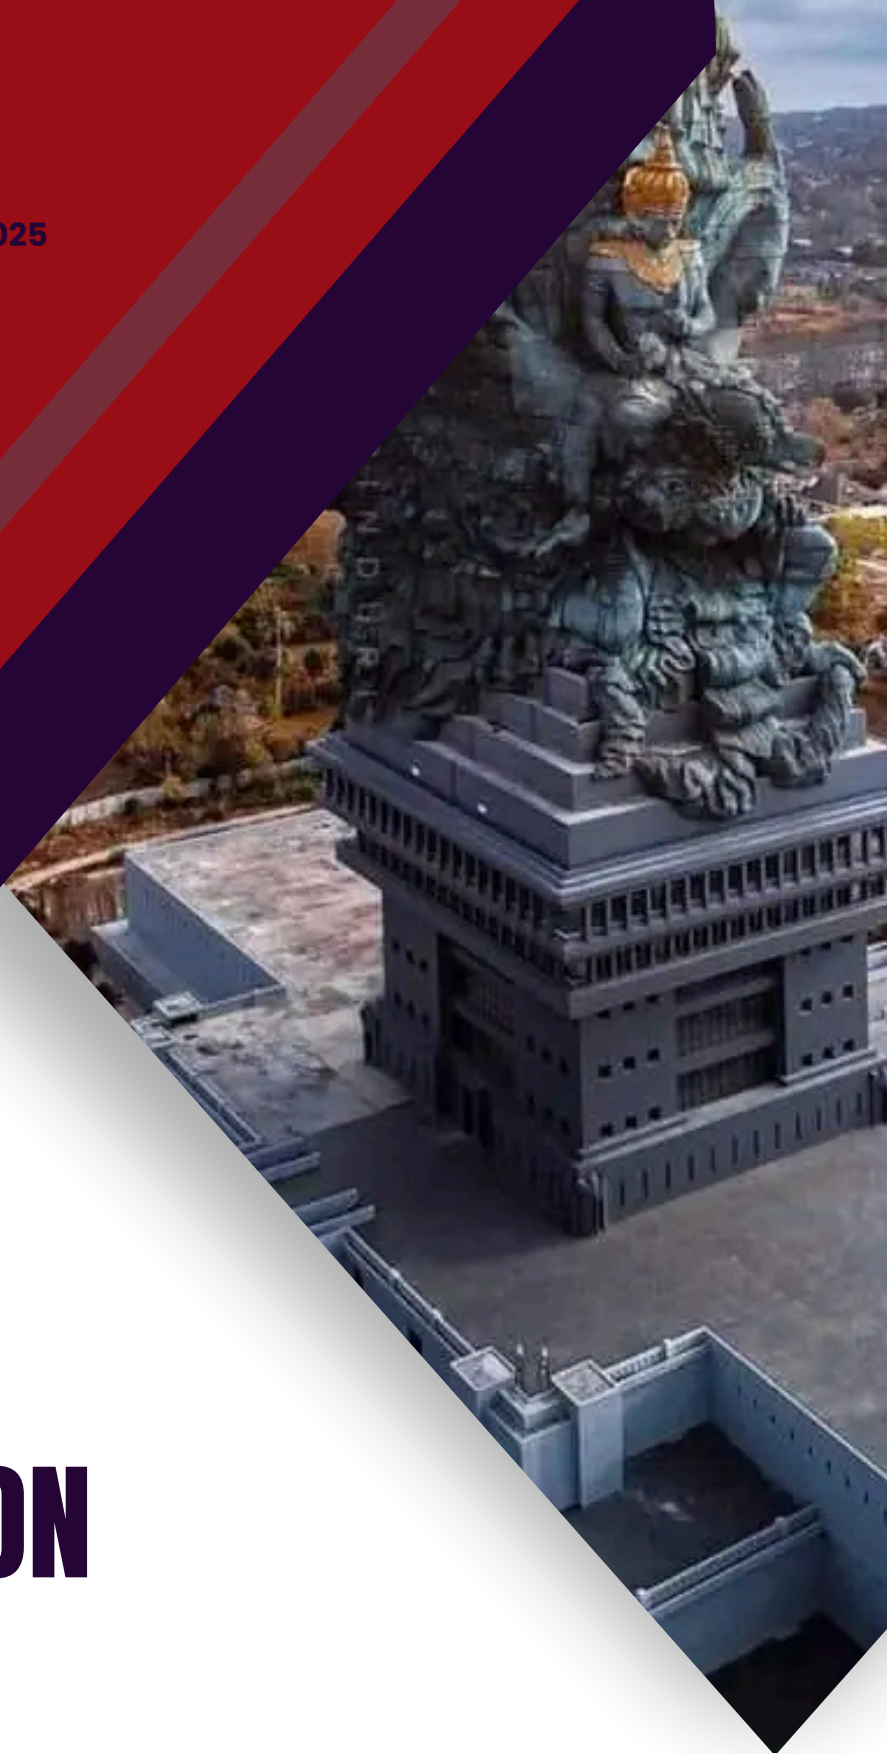

| Time | Agoong Room 5-6 | Exhibition |
|---------------|--|--------------|
| 09.00 – 10.00 | GP Session - Topic 1 "From Symptoms to Diagnosis: Enhancing Early Detection of Acute Coronary Syndrome" | |
| | GP Session - Topic 2 "Early Management of Acute Coronary Syndrome: Time is Muscle" | |
| 10.00 – 11.00 | | AMI Jeopardy |
| 11.00 – 12.00 | GP Session – Topic 3 “Acute Coronary Syndrome and Acute Heart Failure: A Double Trouble” | |
